State Spotlights

"The Boise, Idaho VA Medical Center is proud to be designated as a top energy performer among hospitals nationwide. Earning the ENERGY STAR means that our efforts to reduce energy use are helping conserve the nation's resources and reduce greenhouse gas emissions. By implementing energy-saving practices and using energy-efficient equipment, we also save money--every month--on our hospital's utility bills." – Patrick J. Flanagan, Chief Facility Management Service, VA Medical Center Boise, ID

"ENERGY STAR is a key component in our commitment to build energy efficient homes, as it gives us data to back it up, and is an integral part of our marketing...Over 95% of our buyers surveyed said that owning an ENERGY STAR home was important to them." – Brighton Homes

"The ENERGY STAR Homes program has given the Northwest a foundation to build a network of home performance energy professionals and increase the efficiency of our new homes in the region. The strength of the ENERGY STAR brand has provided value to our builders and homeowners looking for a trusted resource during the homebuilding and buying process." – Neil Grigsby, Northwest Energy Efficiency Alliance
